

AMENDMENTS TO THE DRAWINGS:

The attached sheet of drawing includes changes to Fig. 2. Specifically, elements 137, 139, and 141 are added.

Attachment: **One (1) Replacement Sheet - Fig. 2.**

REMARKS

In the Quayle Action mailed January 7, 2009,¹ the Examiner objected to the drawings for allegedly not showing the “features recited in claims 25-41.” By this Amendment, the drawings are amended. Claims 25-41, which are allowed, are pending in this application.

1. Telephone Interview

Applicant appreciates the courtesies extended to Applicant’s representative by Examiner Nguyen during the telephone interview conducted on February 20, 2009. During the interview, Examiner Nguyen clarified the Quayle Action and noted that she only required that text boxes associated with elements (d), (e), and (f) of the independent claims be added to Fig. 2.

2. Objection to the Drawings

Applicant respectfully traverses the objection to the drawings. Without conceding the propriety of the Examiner’s assertions both in the telephone interview and in the Quayle Action, Figure 2 is amended to add elements 137, 139, and 141 which correspond to elements (d), (e), and (f) of independent claims 25, 32, and 37. Accordingly, Applicant respectfully requests withdrawal of the objection.

3. Conclusion

In view of the foregoing, Applicant respectfully requests reconsideration and reexamination of this application and the timely allowance of the pending claims.

¹ The Office Action may contain a number of statements reflecting characterizations of the related art and the claims. Regardless of whether any such statement is identified herein, Applicant declines to automatically subscribe to any statement or characterization in the Office Action.
